

**Introducing the Genuine
Bookwalter® Anterior Lumbar Retractor System**

- The latest Bookwalter® innovations are designed to enhance function and imaging
- Optimized for ALIF procedures

**Bookwalter® Anterior
Lumbar Retractor System**

“Good exposure is the key to good surgery.”

-John Bookwalter, M.D.

- Radiolucent blades reduce X-ray artifact
- More closely mimics the natural toe-in of hand-held retractors
- Better visualization because ring conforms to varying patient anatomy
- Lightweight components reduce set weight
- Compatible with all genuine Bookwalter® components
- More than 30 years of innovation, performance and reliability
