

Symmetry Surgical, Inc. Acquires The O.R. Company

Acquisition strengthens Symmetry's commitment to deliver best-in-class, cost-effective solutions

NASHVILLE, TN, January 8, 2020 – Symmetry Surgical, Inc. (“Symmetry”), is pleased to announce that it has completed its acquisition of The O.R. Company. The O.R. Company develops, manufactures, and markets high quality, innovative surgical devices from niche consumables to proprietary surgical instruments for minimally invasive and open surgery.

The acquisition complements Symmetry's existing instrumentation portfolio and expands its minimally invasive surgical instrument offering with products that have high clinical acceptance and strong price positions in the market. By integrating The O.R. Company portfolio of market leading devices and technologies into the Symmetry family of trusted brands, Symmetry strengthens its commitment to deliver best in class products and cost-effective solutions that have a meaningful impact to patient care, specifically, in laparoscopy and gynecological procedures.

“We are extremely pleased to welcome the outstanding O.R. Company team to Symmetry Surgical. This acquisition reinforces our commitment to helping our customers deliver the highest quality care while reducing costs through our best in class surgical products and solutions portfolio,” said Brian Straeb, CEO Symmetry Surgical.

About Symmetry Surgical, Inc.
